Winter time:

There are lots of sports practiced only in winter that you can get to know and try!

Did you know that skiing has been practiced since before 6000 BC? It was more a form of transportation than a sport. Skiing for sport started in the 18th century as a military exercise.

Ice skating also started as a way of transportation and became a sport around the 12th century.

Take a look at the 2026 Winter Olympics to see how many sports are scheduled on their program

How to add new HKms

- Taking part in school winter activities/ events
- Doing winter activities during the weekend with family
- Having active breaks in the fresh air
- Getting creative, e.g.: building a snowman or sleigh to play with
- Going out in nature
- Improvising sports with everyday objects
- Looking after health in colder months
